

# **GALLERY & CONTEMPORARY ART SPACE IN CYPRUS**

2023

# ART SPACE

We are creating a **unique** art space that unites exhibition halls, a lecture hall and an art&book shop.

The program of the space will include educational lectures and courses from leading art specialists and exhibitions of international contemporary artists working in variety of media.

The space also serves as an office to an Art Advisory, providing services for collectors, art concierge, organization of private events and other services.

The art space also will foster the development of a community of young art enthusiasts and connoisseurs, creating an environment that celebrates the fusion of creativity, culture, and connection.

**The purpose of the space is to create a community of art lovers and invest in the development of art in Cyprus**

## **The Space**

The art space will be divided into 4 main zones, united by authentic contemporary design:

- Exhibition halls
- Lectures hall
- Art&book shop

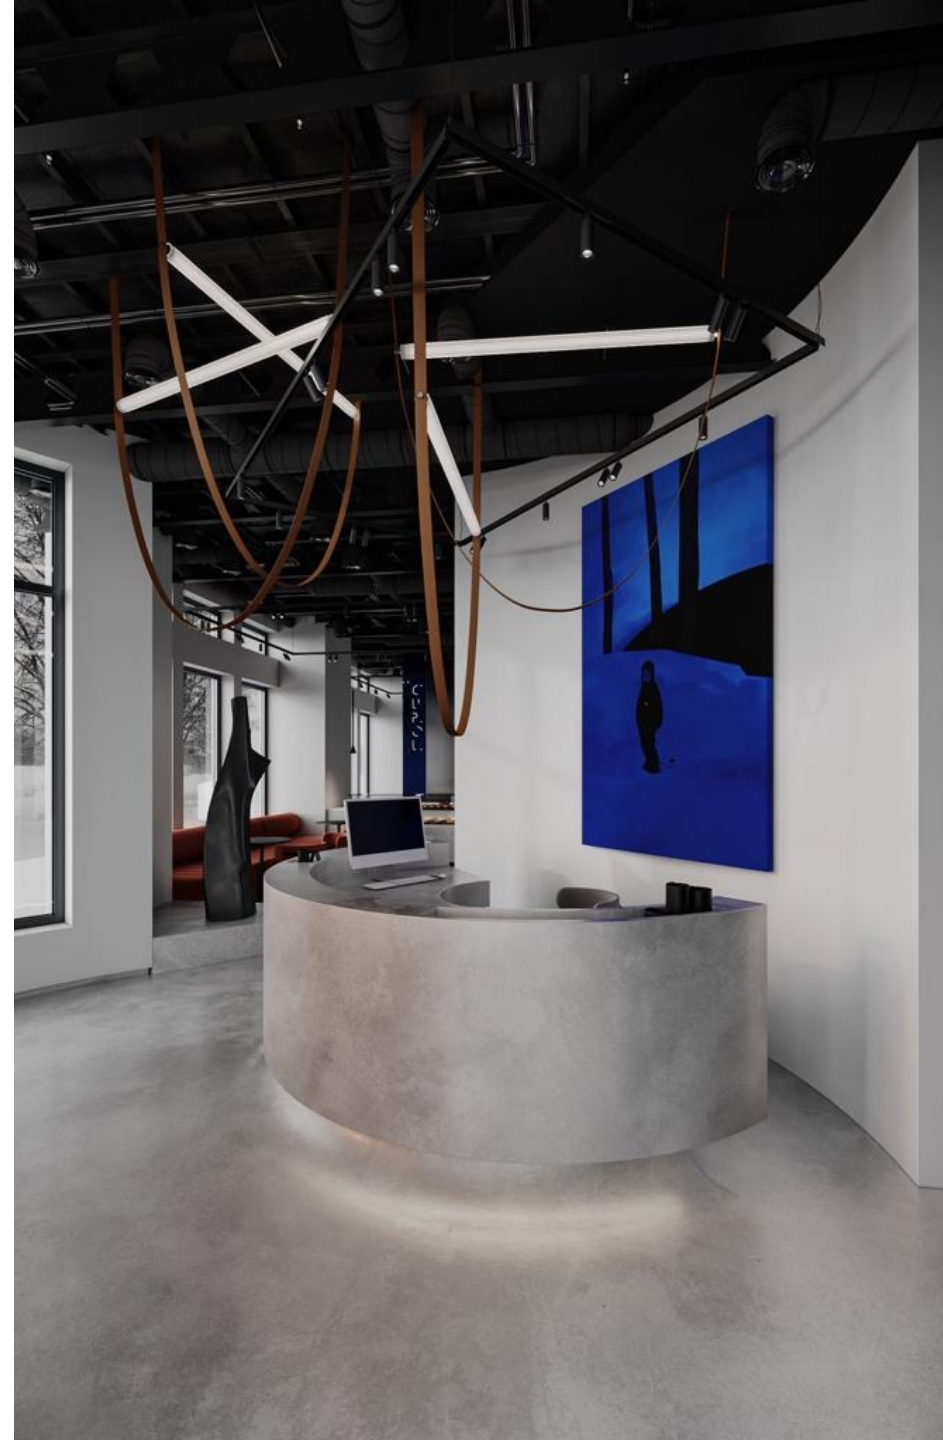

A selection of new work from Toronto-based artist Peter Chan, including images from his current solo show *Ideals and Traditions*. Inspired by recent travels through Beijing, Shanghai, Hong Kong, Singapore, and Taiwan, Chan distorts and re-composes autobiographical imagery to allow for new narratives and meaning. Here historical East Asian artifacts appear as Western still-life paintings as a way of both documenting and deconstructing cultural ideologies and identity. See more images below or on display at Mark Christopher Gallery until December 29th.

## Events

The art space should become an ecosystem where numerous events become possible: art brunches with champagne, artists' performances, musical evenings on Fridays to unwind after a workweek, wine tastings, open conversations with invited guests, and much more.

## **Lectures & Courses**
